

**SUB: UP-GRADING TELEPHONE FACILITIES**

Dear Parents,

1. Greetings from Mayo College!
2. The School had made a commitment regarding up-grading of telephone facilities some time back. I wish to now inform you that the needful has been done. Today, we have 7 to 8 telephones in each House. Oman House has been provided 12 telephones!
3. The 'sunday finger exercise' often referred to by the parents in their emails to me would hopefully be a thing of the past. The boys will make telephone calls from the School to their parents and not vice-a-versa. Each child has given his House Master one telephone number which has been fed into the system to enable him dial that number only. Should your telephone contact number change, you need to inform the House Master of the change.
4. Under normal circumstances, in case you do not receive a call from your child on a sunday, it means that either the telephone network is non functional or your child is away from the campus.
5. Please do not send a thank you email in response to this mail!

Best wishes,
