

COMMUNITY LUNCH

Community Lunch was organized under the tutelage of Inter- Act & Adult Education Societies on 2nd Oct 11 from 11:45 H to 02:15 H.

The Community Lunch programme was very well appreciated by the Students as well as by the Karmcharies of Mayo college.

The message was clear that Karamcharies are an important and integral part of our Mayo community and the boys need to acknowledge it.

208 Karamcharies attended the community Lunch. 100 Students from different houses and classes came forward to do service. The boys wanted to keep feeding Karamcharies, till they raised their hands.

The area was supervised and well decorated by the students. The menu was planned by the students and was appreciated by the Karamcharies. It was also nice to observe boys wanting to clean the litters and paper plates and insisting on their guests not to do so.

It was really a joyful experience for all the staff, students and Karamcharis, as they shared and ate together.

An age old practice of Mayo stands revived.
